Muhammad Hassan

Junior React Developer | Frontend Developer | Lifelong Learner

N a t i o n a l Skills University, Islamabad | 03277831722 | hassansmalis24@gmail.com | **LinkedIn**

_____

Objective

Motivated and detail-oriented Junior React Developer with a strong foundation in HTML, CSS, JavaScript, and React. Passionate about building modern, user-friendly web applications with clean and responsive designs. Eager to contribute to real-world projects, collaborate in team environments, and continue growing into a full-stack developer. Open to junior-level and internship roles to gain professional industry experience.

Skills

- Frontend: HTML5, CSS3, JavaScript (ES6+), React, Tailwind CSS, Bootstrap
- State Management: Zustand, Context API
- Tools: VS Code, Chrome DevTools
- Concepts: Responsive Design, Component-Based Architecture, Hooks, API Integration

Experience

Frontend Developer Intern | Bytes Technologies, Rawalpindi

June 2024 – Sep 2024

- Developed and styled responsive web pages using React.js, Tailwind CSS, and Bootstrap.
- Collaborated with senior developers to enhance UI/UX for client projects.
- Improved code maintainability by implementing reusable components and modular architecture.
- Assisted in integrating APIs and handling state management using Context API and Zustand.
- Gained hands-on experience in real-world project workflows, version control, and team collaboration.

Education

BS in Computer Science (Ongoing)
National Skills University Islamabad

Projects

E-commerce Website A fully responsive online shopping platform built with React.

- Features include product listings, cart functionality, and dynamic filtering.
- Integrated user-friendly UI with component-based architecture.
- Simulates a real-world shopping experience using dummy data and local state management.

Portfolio Website A visually engaging personal website built with React and tailwind.

- Showcases skills, projects, and contact information with smooth transitions and responsive layout.
- Demonstrates frontend creativity and attention to design detail.

Other Projects Developed multiple small-scale applications to strengthen React fundamentals.

- Includes a weather app, calculator, quote generator, and more.

- Focused on component reuse, props, hooks, and API consumption

Education

BS in Computer Science (Ongoing)

National Skills University, Islamabad | 2023 – 2027

Currently in 5th semester, building expertise in web development and software engineering. Gained strong foundations in HTML, CSS, JavaScript, React, and databases, with a focus on developing modern, responsive applications.

Portfolio
