Intermediate (ICS, Computer Science)	2021-2023	81.27%	Harvard College of Commerce & Science
Matriculation (Computer Science)	2021	85%	Shining Star Public School

RESEARCH AND PROJECT

Proposed Final Year Project & Research Anti-Money Laundering Detection

National Skills University Islamabad | Sep 2026 – 2027

- Proposed AI/ML-based system for detecting suspicious patterns and potentially illicit activity in financial transaction data.
- Researching existing AML detection approaches, datasets, machine learning/deep learning techniques, and evaluation methodologies.
- Exploring data-driven methods for modelling complex financial transaction patterns and improving financial crime detection.
- Project methodology and research direction subject to final approval and literature review.

WORK EXPERIENCE

Freelance Web Developer | *Fiverr* (2025 – Present)

- Communicated directly with international clients to gather technical requirements, scope deliverables, and architect custom frontend web solutions.
- Engineered responsive, production-ready web applications using modern web technologies (HTML5, CSS3, JavaScript, React.js) while maintaining a **100% project completion rate** and **5-star feedback rating**.
- Architected and deployed a custom, responsive questionnaire web application, optimizing frontend rendering speed and UI precision to deliver an intuitive user experience.

CERTIFICATIONS & TECHNICAL CREDENTIALS

Huawei Certified Artificial Intelligence | *Huawei (2026 -In Progress)*

- Pursuing specialization in cloud-native development, focusing on AI/ML application integration, scalable cloud architecture, and model deployment strategies.

Web Development Fundamentals | *IBM Skills Build (2026)*

- Mastered core web development standards, modern frontend practices (HTML5, CSS3, JavaScript), and responsive UI architectural patterns.

CONFERENCE & SEMINAR

- Participated at the **NUMlogic** competition held at *Nation University of Modern Languages 2025*
- 3 day Workshop of **Civic responsibilities and Life Skills** held at *National Skills University Islamabad 2025*
- **International Day of Clean Energy** held at *National Skills University Islamabad 2025*
- Participated at **SkillVerse** Completion National *Skills University Islamabad 2025*

VOLUNTEER WORK

VOLUNTEER EXPERIENCE

Timekeeper, National Debate Competition Nov 2025

- Coordinated debate timing, monitored speaking allocations, and collaborated with organizers and timekeepers to ensure smooth execution of a national competition involving **171 universities across Pakistan**.

Volunteer Coordinator, University Career Fair Organizing Team Jul 2026

- Coordinated a 25-member volunteer team, managing schedules, task allocation, and on-site logistics for the university career fair.

Logistics Lead, University Annual Party Organizing Committee Mar 2026

- Managed event logistics and vendor coordination for 1,000+ attendees while working with a 25-member organizing team.

Volunteer Invigilator, University Entry Test Support Team Jul 2026

- Supported the administration and smooth execution of the university entry test as part of a 50-member invigilation team.
